Title: Kathryn Miles Poster Competition

In line with Helapet's continued commitment to education and the development of its staff and customers, we were delighted to sponsor and present, the Kathryn Miles Poster Award in collaboration with the Association of Pharmacy Technicians.

Posters were presented at the APT conference and exhibition held at the Jury's Inn in Birmingham and were judged for content, clarity, originality and visual impact.

2nd prize was awarded to Ciara Hallows from Queen Elizabeth Psychiatric Hospital Birmingham for her poster on 'Producing British Sign Language drug Information Resources for Deaf Service Users'. The judges were particularly impressed with the original content of this work and the impact it will have on patient care.

Many congratulations to Daniel Brough who won the competition for the overall content and visual impact of his poster entitled: 'DVT Anticoagulant therapy at University Hospital of North Staffordshire – The benefits of introducing a pharmacy technician to the team.

Well done to everyone who submitted a poster and we hope to see more entries next year.
