Date: 22<sup>nd</sup> September 2009  
Title: **Study Day Success**

The first helapet.net study day of the third series 'Managing the risks in the preparation of aseptic products', was a resounding success.

27 delegates spent an informative day at Wroxall Abbey enjoying a mix of presentations and workshops on best practice in aseptic environments. Topics covered were real risks and governance of IV's, assuring the quality of PN, effective inspection and release and a practical workshop on CAPA and root cause analysis.

Our thanks go to guest Speakers, Tim Sizer, Mark Oldcorne, Richard Needle and Paul Tunstell, who all did a fabulous job on making the day a success.

The 2<sup>nd</sup> day in this series is planned for the 18<sup>th</sup> November 2009 – there are still some spaces available and if you would like to attend, please call 0800 0328 428 to book.
